Occasions
and Many More Goodies!

First Graders Creative Stories

Ms. Shilkret gave the students "story starters" (in bold) and the students finished the starters with their imagination.

Sherilyn's Story: *"The Day I Learned to Fly"*

One day, I was walking home from school when I saw something shiny lying on the sidewalk. I picked it up to look at it, and guess what it was! It was a rainbow. I will jump on it and go for a ride. I landed in a magical land. People are flying around the magical land. I learned to fly! I flew with the fairies. I am going home to teach my brother Kerwin. Kerwin learned how to fly,. We were happy!

HOME AND SCHOOL CONNECTION

From the Nurse's Desk

STREP THROAT

*Reminder: There a few cases of Strep Throat in school. The symptoms are: *Fever, *Sore and inflamed throat, * Headache, *Stomach pain, *White patches on the tonsils or back of throat, *Rash on neck and face, spreading to chest and back, then extremities.*

If you suspect your child has a strep infection, please call your pediatrician for advice.

If you have any questions, please call the Nurse's Office, 609-394-3111.

Laylaa's Story: *"Danger!"*

One rainy day I was sitting in my house watching TV, when something banged against my window. I went to see what it was, and there looking back at me was a little bird! The bird looked at me and said, "Come quickly! There's danger and you are the only one who can help!" So, I quickly got my jacket, and followed the bird. You will never guess where he took me! The bird took me to a big place where there were birds everywhere. There were big birds and little birds! But I heard a loud noise. It was a giant monster! It was crying, I must find its mommy. But how?" Maybe I should get a machine and the machine will speak its language. Then the mom came and got her baby. I saved the birds! Then the little bird showed me the way home.
