"The Tornado"

The craziest thing happened to me the other day! I was walking home when suddenly a tornado came out of the sky and picked me up! You will never guess where it took me!

The tornado took me to the past, it was 2002. I was a baby then. I am going to sleep in my room until another tornado comes. Then I will jump into the tornado and I will be back home. There was another tornado. I jumped in it to get back home. I was happy!

"My Trip to Disney World"

The craziest thing happened to me the other day! I was walking home when suddenly a tornado came out of the sky and picked me up! You will never guess where it took me!

The tornado took me to Disney World. I went to the big water slide. Then I went to the pool. It was time to go home. I got home by an airplane. Then I ate dinner. I had a good time!

"Danger Bird"

The craziest thing happened to me the other day! I was walking home when suddenly a tornado came out of the sky and picked me up!

It took me to the problem so I could help. The problem was that a house was on fire. I am going to call the fire station and they will put out the fire. The birds must move to another house. They thanked me and they flew me home. My mom was happy!
