DREAM, PLAN and ACHIEVE

Pennies for Pasta...

And the final total donated is \$568.99!

Thanks to all you wonderful parents and children for donating your change to this fine cause—Leukemia and Lymphoma Research.

We had parents in Kindergarten who put jars at their workplace for donations that totaled **\$232.17!** Kudos to all of you!

Fourth grade ran a bake sale!
THANK YOU EVERYONE!

Health Alert Message
from the Mercer LINCS Agency

"Immunization, one of the most effective public health tools, enables us to save lives and greatly reduce illness and disability. Vaccines not only help protect vaccinated individuals, but also help protect entire communities by preventing and reducing the spread of infectious diseases." said Commissioner Alaigh.

In NJ, approximately 68% of children are fully immunized before age 2. It is critically important to vaccinate infants and children by age 2 against preventable diseases.

"Some succeed because they are destined to, but most succeed because they are determined to."
